# What You Can Get

Header Cards

Wide Clips

Narrow Clips

Klip Strips

## 1. How to setup your Klip Strip

1. Insert the header card into the display strip by placing the tooth into the opening.
2. Rotate the strip by 45 degrees.
3. Add the "S-hook" to the top of the header card.
4. You're assembled!

## 2. Dismantling your Klip Strip

1. Rotate each strip one by one 45 degrees to remove.
2. Lastly, rotate the header card.
3. Place the Klip Strip parts, and hooks, inside your carry bag.

## 3. Adding the display clips

1. With your assembled Klip Strip, add the display clip by pressing down onto the 'tooth' shown in the image below.
2. The small click sound let's you know it's secure.

## 4. Hanging products on the Klip Strip

1. Apply a Do-It® Hang Tab Solution to your products, based on it's size or weight.
2. Remove the clear strip on the Do-It® Hang Tab Solution to reveal the adhesive, and apply to the product.
