

# CHECKWEIGHER

Unleash precision and reliability with our cutting-edge **checkweigher**, meticulously engineered by Pyrotec PackMark.

Embrace a **seamless production process** with features that redefine **accuracy and control**.

## Key Features:

- Precision & reliability.
- Stainless steel load cells, 90KG capacity, IP68 washdown rating.
- Total error of 0.02%, 4 digital inputs, 4 relay outputs, ECI controller.
- Communication protocols: RS232, Modbus, EtherIP, Profibus, Profinet.
- Inline check weighing in static or continuous modes.
- Integratable into existing lines.
- Customizable for your unique needs.

## Options:

1. Standard 6.7inch controller.
2. 10 Inch Touch Screen HMI, PLC controlled with PackLink software.
3. 15 Inch Touch Screen HMI (PC), PLC controlled drive with PackLink Software.
